§ Section I – Health Care Reporting

§ Section II – Calculating Contributions

§ Section III – Additional Information

# Employer Health Care Reporting

---

## § Section I – Health Care Reporting

- ü Vermont DOL & Health Care Reporting
- ü Contribution vs. Eligibility
- ü Quarterly Reporting Considerations
- ü Employee Classifications
- ü Declaration of Coverage
- ü What is an FTE?

# VDOL & HC Reporting

---

## § Act 191 - 2006 Legislative Session

- ü Amended during the 2007 session to include consideration for “seasonal” and “part-time” employees

## § Reporting period began April 1, 2007

## § Contributions due determined on “uncovered” “FTE”

# Contribution vs. Eligibility

---

**Q:** If an employer pays health care contributions, does that mean the employees are covered by the Catamount Health Care Plan?

**A: NO**

§ There are eligibility requirements. Please see Section V – “Additional Information” for contact information and resources.

# Two Main Considerations for Quarterly Reporting

---

- 1 Does the employer include the employee on the UI quarterly report?
- 2 Does the employer offer to pay a portion of a health care plan?

# 1<sup>st</sup> Consideration

---

## 1 Is the employee included on the UI quarterly report?

- § **All employees on the quarterly report except**
  - ü Someone who is not 18 the entire quarter.
- § **Based on hours worked:**
  - ü **Employer can exclude hours:**
    - Ø not worked, such as vacation, sick, or holiday pay.
    - Ø worked out of state, but localized in VT.

## 2<sup>nd</sup> Consideration

---

**2** Does the employer offer to pay a portion of a health care plan?

### **HEALTH CARE PLAN:**

- § Employer must pay a portion of a plan.
- § Coverage must include both hospital and physician services.
- § “Seasonal” and “Part-time” employees not eligible to enroll in the employer’s plan are handled differently.

# “Seasonal” Employee

---

- § Is an employee who:
  - ü Works for an employer who offers to pay a portion of a health care plan to ALL of its regular full-time employees.
  - ü Works 30 or more hours per week, 20 or fewer weeks, in a job scheduled to last 20 or less weeks in a calendar year.
  - ü Has health care coverage from a source other than VHAP or Medicaid.
- § “Seasonal” employee remains classified as such throughout the calendar year.
- § Employee must complete VDOL declaration.

# “Part-time” Employee

---

- § Is an employee who:
  - ü Works for an employer who offers to pay a portion of a health care plan to ALL of its full-time employees.
  - ü Works less than an average of 30 hours per week, or fewer than a total of 390 hours in a calendar quarter.
  - ü Has health care coverage from a source other than VHAP or Medicaid.
- § Depending on the total hours worked, employee can be “part-time” one quarter and not the next.
- § Employee must complete declaration.

# “COVERED” Employee

---

Hours worked do NOT need to be included in calculation because:

---

- § Employer offers and employee accepts a health care plan.
- § Employer offers a health care plan, but employee declines because they have coverage from another source.
- § Employee was not 18 on the first day of the reporting quarter.
- § Employee had coverage during part of the quarter.

# **“COVERED”** Employee cont’d

---

- § The employee is “enrolled” in an employer-offered health care plan, but coverage isn’t yet in effect; provided non-coverage period is 6 months or less.
- § “Seasonal” employee who has worked 20 or fewer weeks in the calendar year or a “part-time” employee who has worked fewer than 390 hours in the reporting quarter, both of which have declared health care coverage (other than VHAP or Medicaid).

**Hours worked by “covered” employees are EXCLUDED from the FTE calculation.**

# **“UNCOVERED”** Employee:

Hours worked for the following employees  
MUST BE included in FTE calculations because:

- § Employer does NOT offer a health care plan that it pays a portion of, **REGARDLESS** if employees have health care coverage elsewhere.
- § The employee is not “eligible” for the health care plan offered by the employer.
  - Ø Include employee(s) in probationary period, unless they get coverage before the quarter ends.
- § The employee has no health care coverage.

# **“UNCOVERED” Employee cont’d:**

---

- § The “seasonal” employee has worked 21 weeks or more in the calendar year.
- § The “part-time” employee has worked 390 hours or more during the reporting quarter.
- § NOTE: Both “seasonal” and “part-time” classes:
  - Ø Assumes employee is not eligible to enroll in the plan the employer offers.
  - Ø Employee has NO coverage or coverage through VHAP or Medicaid.

**\*\*\*Hours worked by “uncovered” employees MUST BE included in the FTE calculations.\*\*\***

# Declaration of Coverage

---

## MUST use VDOL Declaration of Coverage Form

---

- § Completed ONLY by employees of an employer that offers to pay a portion of a health care plan.
- § Completed by employees who opted out of the employer's plan or by "seasonal" or "part-time" employees.
- § The declaration must state whether they have health care coverage and be signed by the employee.
- § Declarations must be renewed annually and retained in your files for three years.

# FTE

---

- § FTE stands for Full Time Equivalent.
- § To calculate the number of FTEs, take the total hours worked by all **UNCOVERED** employees in the reporting quarter and divide by 520.
- § Hours over 520, **PER EMPLOYEE**, in the reporting quarter do not have to be counted.

# Employer Health Care Reporting

---

## § Section II – Calculating Contributions

- ü Calculating Health Care Contribution
- ü Worksheet Form HC-1
- ü Reporting Fields on C-101
- ü Examples
- ü Review

# How do I calculate my Health Care Contribution?
